New Aldi Store Cudworth – TPO +Tree Information

Aldi has informed Nimrod Environmental of some TPO trees on site that require the below works carrying out on them:

Crown Raise / Remove Dead Limbs / Remove Untidy Cuts

From the site visits it is apparent that if the trees in question are left as they are there will be various implications.

Any dead limbs will need to be removed to prevent the chance of them falling on the general public once the store opens.

Limbs will also foul against the store either straight away once built or in the near future.

Trees below are noted on drawing V0738SDAR.

Tree one - Lime Tree.

Tree two - Ash Tree.

There are also 3 other trees that are further West down from the 2 trees mentioned above but going from drawing V0738SDAR (attached) there do not have TPOs? IF this in incorrect please contact me so i can add these.
