

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2016/1428

To Chris Davis
10 Worsbrough Villiage
Barnsley
S70 5LW

DESCRIPTION Extensions and alterations include : 1] A pitched roof single storey side extension to replace an existing flat-roof single storey side extension. 2] A porch extension. 3] Addition of windows and roof lights. 4] Repair to roof trusses. 5] Removal and replacement of render. 6] Other internal alterations.

LOCATION 10 Worsbrough Village, Barnsley, S70 5LW

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby approved shall be carried out strictly in accordance with the plans (Nos: Drawn by Chris Davis 30th October 2016) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality and in accordance with LDF Core Strategy Policy CSP 29, Design.
- 2 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 3
 - External materials (generally) shall match the existing or historic materials in every respect and no construction work will commence until a representative sample of all new external materials has been submitted to, and approved in writing by, the Local Planning Authority, and the development shall proceed in strict accordance with these details as approved
 - Rooflights to be genuine conservation style rooflights, with black framing, a single vertical divider, and low profile.
 - Garret / Attic windows will be timber framed and set back at least 75mm in the reveal.
 - The removal of existing cementitious pebble render shall be carried out using hand tools only. New or repaired render shall be lime based and applied in three coats (bonding, second course coat and finishing coat with finings) and adequately protected from the weather, following thorough cleaning and pre-wetting.*

- Pointing mix to be lime (NHL 3.5) : aggregate at a ratio of 1:3. Sand / aggregate should be well graded or river sand. Preparation of the joints will require careful removal of any cement by hand at a depth equal to twice that of the width. Pointing mix to be of the same colour or as close as possible to the original lime and to be finished slightly back from arms of surrounding stonework and brushed off or stippled to remove laitance and expose aggregate to a depth of 2 or 3 mm.

- The roof (new or repaired) shall be natural stone slate laid in diminishing courses with pointed verges.

Reason: In the interests of the visual amenities of the locality in accordance with Core Strategy policy CSP 30.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. It should also be noted that this site may lie in an area where a current licence exists for underground coal mining.

Further information is also available on The Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com

Signed 
Joe Jenkinson

Dated 26 January 2017

Head of Planning and Building Control

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
