For The Attention of Mr Paul Denton

## Operational Management Plan For The Tin Oyle Bar

All Bottle Bins will be disposed of on a day time and not at night

There will be usually two deliveries per week both these will take place at approx. mid-day

There will be no music live or recorded played at any time outside the premises

Notices will be placed in the bar asking clientele to be mindful of surrounding residents comfort at all times.

Any unduly or excessive noise, bad language or bad behaviour will be dealt with immediately by our Manager or Staff

Signs will be placed on the premises stating that no drinking will be allowed outside after 10-30pm or times in line with surrounding bars this house rule will be policed by Manager and staff

Smoking will only be allowed on designated tables which will be under the overhang on the building (this will be on normal times on bank holidays etc. this may be difficult to enforce without causing conflict )

We as owners of the business and or our Manager would be more than happy to attend any Residents meetings if they so wish should any reasonable complaint arise from the business or indeed for any other reason

*Yours Sincerely*
