

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2017/0436

To Steven Chitty
NPS Barnsley
5th Floor
Gateway Plaza
Sackville Street
Barnsley
S70 2RD

DESCRIPTION Application for variation of condition 3 of planning permission 2014/0735 to enable minor material amendments to the previously approved plans - Erection of 6 no. dwellings

LOCATION Land off Cobcar Lane, Elsecar, Barnsley

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 10 May 2017 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before 24th September 2017.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990 and in accordance with condition 1 of 2014/0735.
- 2 The development hereby approved shall be carried out strictly in accordance with the plans (Nos NPS-DR-A-(00)-012-P1, NPS-DR-A-(00)-020-P3 & NPS-DR-A-(00)-120-P5) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality and in accordance with LDF Core Strategy Policy CSP 29, Design.
- 3 No development shall take place until full details of the proposed external materials have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 29, Design.
- 4 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the position of boundary treatment to be erected. The boundary treatment shall be completed before the dwelling is occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.
Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property and in accordance with Core Strategy Policy CSP 29, Design.

- 5 Pedestrian intervisibility splays having the dimensions of 2 m by 2 m shall be safeguarded at the drive entrance/exit such that there is no obstruction to vision at a height exceeding 1m above the nearside channel level of the adjacent highway.
Reason: In the interest of road safety in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement.
- 6 The parking/manoeuvring facilities, indicated on the submitted plan, shall be surfaced in a solid bound material (i.e. not loose chippings) and made available for the manoeuvring and parking of motor vehicles prior to the development being brought into use, and shall be retained for that sole purpose at all times.
Reason: To ensure that satisfactory off-street parking/manoeuvring areas are provided, in the interests of highway safety and the free flow of traffic and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement.
- 7 No development shall take place until full foul and surface water drainage details, including a scheme to maintain or reduce existing Greenfield run-off rates and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority:
Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented and the scheme shall be retained throughout the life of the development.
Reason: To ensure proper drainage of the area, in accordance with Core Strategy policy CSP4.
- 8 Development shall not commence until arrangements have been entered into to secure such works to mitigate the effect of the development, and such works shall be completed prior to the development being brought into use. Such works shall comprise of: -
a) provision of 2.0 metre wide footway;
b) relocation of existing letter box and telegraph pole;
c) any necessary signing and lining;
d) provision of/any necessary amendments to street lighting;
e) provision of/any necessary amendments to highway drainage;
f) any necessary resurfacing/reconstruction
The works shall be completed in accordance with the approved details and a timetable to be submitted to and approved in writing by the Local Planning Authority.
Reason: In the interests of highway safety and the free flow of traffic in accordance with Core Strategy policy CSP 26.
- 9 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
- The parking of vehicles of site operatives and visitors
- Means of access for construction traffic
- Loading and unloading of plant and materials
- Storage of plant and materials used in constructing the development
- The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
- Wheel washing facilities
- Measures to control the emission of dust and dirt during construction
- Measures to control noise levels during construction
Reason: In the interests of highway safety, residential amenity and visual amenity and in accordance with Core Strategy Policy CSP 26, New Development and Highway Improvement, and CSP 29, Design.

- 10 Unless otherwise agreed in writing by the local planning authority, no building, means of enclosure or other obstruction shall be located over or within 3 metres either side of the centre line of the water main, that crosses the site.
Reason: In order to allow sufficient access for maintenance and repair work at all times.
- 11 All surface water run off shall be collected and disposed of within the site and shall not be allowed to discharge onto the adjacent highway.
Reason: In the interests of highway safety in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.
- 12 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Core Strategy Policy CSP 40, Pollution Control and Protection.
- 13 All redundant vehicular accesses shall be reinstated as kerb and footway prior to the development being brought into use.
Reason: In the interests of road safety in accordance with Core Strategy Policy CSP26 'New Development and Highway Improvement'.

Informative(s)

Pursuant to article 31(1)(cc) of the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, complied with our Planning Service Charter for Business and otherwise actively engaged with the applicant in dealing with the application.

Please be aware that the Council monitors construction sites and open land within the vicinity such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and*
- up to six months imprisonment on conviction*

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of the approved development is disposed of via approved methods and that documents are retained to prove this.

1	The proposed development lies within an area that has been defined by The Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place. It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Your attention is drawn to The Coal Authority Policy in relation to new development and mine entries available at: https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action. Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to The Coal Authority on 0345 762 6848. Further information is available on website at: www.gov.uk/government/organisations/the-coal-authority
2	The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner. If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

Signed 
Joe Jenkinson
Head of Planning and Building Control

Dated 30 June 2017

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
