The architectural drawings presented above are exclusively intended for the facilitation of planning or building or building control purposes. The creation of a building or building control application offering a functional solution of proposed development, engineering, structural, design, or other aspects, is the responsibility of the applicant. It is the responsibility of the applicant to ensure that any proposed work must undergo thorough verification by the contractor any inconsistency or discrepancy should be reported and clarified with the client before commencing construction works. It is imperative that the entirety of the project is checked and approved by the relevant Building Regulations Enforcement of any work is strictly prohibited until appropriate approval has been granted by the relevant Building Regulations authority. For further consultation and guidance referred to your specific project, we strongly recommend seeking advice and direction from your Local Council.
