5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? Yes No

Are you wishing to carry out works to tree(s) in a conservation area? Yes No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

1977/No.5 - TPO BA/HPO/5/77
ALL HALLOWS CHURCH, HIGH HOYLAND

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

I enclose the whole of our arboricultural tree survey and ask you to look at the specified trees T1, T2, T3, T4, T6, T13, T18, T24 and T25 with T19 and T20 all of which

7. Identification Of Tree(s) And Description Of Works continued ...

need work for health and safety reasons :
primarily the overhang onto the road - Church Lane,
High Heyland and/or overhang to the path to the
south ~~side~~ side of the churchyard. (See plan in Appendix
(See details in Appendix 1) 5)
Please note Ed Jowett has already given us
permission to fell T7 (a horsechestnut) - it is
essential we are prudent with the costs we will incur - hence
~~the reason for including the additional trees whilst tree~~

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format. *Surveys are at the site, the above tree will be replaced by an oak (English) or a beech.*

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall: Yes No
If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. Yes No
If YES, you are required to provide for:

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)? Yes No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

Whole survey, plan and identified trees included in this communication package along with TPO dated 1977
