APPROXIMATE POSITION OF DISUSED MINE ENTRY SHOWN .....

This plan shows the approximate location of the mine entry / entries referred to in an attached mining report. The mine entry symbols are not to scale and are enlarged for clarity. Reliability for the positions shown is dependant upon the accuracy of the source information. The actual positions of disused mine entries can only be confirmed by physical investigation. However, no activities should be undertaken that intersect, disturb, or interfere with mine entries without permission.

Reproduced from the Ordnance Survey map with the sanction of the controller of H.M. Stationery Office. Quoted scale is approximate.
