

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2024/0199

To White Agus Ltd
Office One
Drill Hall
11 Eastgate
Barnsley
S70 2EU

DESCRIPTION Demolition of existing buildings and construction of 6no. dwellings comprising 4no. detached houses and 1no. pair of semi-detached houses with associated parking. (Resubmission of planning application 2023/0269) (Amended Plans and Description)

LOCATION Hoyland Methodist Church, Market Street, Hoyland, Barnsley, S74 9QR

Permission is **granted** for the proposals which were the subject of the Application and Plans registered by the Council on 11/04/2024 and described above.

The approval is subject on compliance with the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.
- 2 The development hereby approved shall be carried out strictly in accordance with the amended plans (Nos.22-173-10, 22-173-11, 22-173-12 & 22-173-13) and specifications as approved unless required by any other conditions in this permission.
Reason: In the interests of the visual amenities of the locality in accordance with Local Plan Policy D1 High Quality Design and Place Making.
- 3 Upon commencement of development details of the proposed external materials shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy D1 High Quality Design and Place Making.

- 4 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents and in accordance with Local Plan Policies GD1 General Development Policy and POLL1 Pollution Control and Protection.
- 5 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any Order revoking or re-enacting that Order with or without modification), no enlargement, improvement or other alteration of the dwellings which would otherwise be permitted by Part 1 of Schedule 2 to that Order shall be carried out without the prior written consent of the Local Planning Authority, and no garages or other outbuildings shall be erected.
Reason: In the interest of residential and visual amenity, in accordance with Local Plan policies GD1 and D1.
- 6 Upon commencement of development, full details of both hard and soft landscaping works, including details of the species, positions and planted heights of proposed trees and shrubs; together with details of the position and condition of any existing trees and hedgerows to be retained shall be submitted to and approved in writing by the Local Planning Authority. The approved hard landscaping details shall be implemented prior to the occupation of the building(s).
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy BIO1 Biodiversity.
- 7 All in curtilage planting, seeding or turfing comprised in the approved details of landscaping shall be carried out on each plot no later than the first planting and seeding season following the occupation of the individual dwellinghouse/s; and any trees or plants which die within a period of 5 years from first being planted, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.
Reason: In the interests of the visual amenities of the locality, in accordance with Local Plan policies GD1 'General Development' and D1 'High Quality Design and Place Making'.
- 8 All out of curtilage planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in full in accordance with a timetable to be submitted to and approved in writing by the Local Planning Authority upon commencement of development. Thereafter the landscaping shall be carried out in accordance with the approved details and timescales.
Reason: In the interests of the visual amenities of the locality, in accordance with Local Plan policies GD1 'General Development' and D1 'High Quality Design and Place Making'
- 9 A landscape management plan, including long term design objectives, management responsibilities and maintenance schedules for all landscape areas, shall be submitted to and approved by the Local Planning Authority prior to the occupation of the development or any part thereof, whichever is the sooner, for its permitted use. The landscape management plan shall be carried out in accordance with the approved plan.
Reason: In the interests of the visual amenities of the locality and in accordance with Local Plan Policy BIO1 Biodiversity.

- 10 The parking/manoeuvring facilities, indicated on the submitted plan, shall be surfaced in a solid bound material (i.e. not loose chippings) and made available for the manoeuvring and parking of motor vehicles prior to the development being brought into use, and shall be retained for that sole purpose at all times.
Reason: To ensure that satisfactory off-street parking/manoeuvring areas are provided, in the interests of highway safety and the free flow of traffic and in accordance with Local Plan Policy T4 New Development and Transport Safety.
- 11 All surface water run off shall be collected and disposed of within the site and shall not be allowed to discharge onto the adjacent highway.
Reason: In the interests of highway safety in accordance with Local Plan Policies T4 New Development and Transport Safety and POLL1 Pollution Control and Protection.
- 12 The site shall be developed with separate systems of drainage for foul and surface water on and off site. The separate systems should extend to the points of discharge to be agreed.
Reason: In the interest of satisfactory and sustainable drainage
- 13 There shall be no piped discharge of surface water from the development prior to the completion of surface water drainage works, details of which will have been submitted to and approved by the Local Planning Authority. If discharge to public sewer is proposed, the information shall include, but not be exclusive to:-
a) evidence to demonstrate that surface water disposal via infiltration or watercourse are not reasonably practical;
b) evidence of existing positive drainage to public sewer and the current points of connection; and
c) the means of restricting the discharge to public sewer to the existing rate less a minimum 30 % reduction, based on the existing peak discharge rate during a 1 in 1 year storm event, to allow for climate change.
Reason: To ensure that no surface water discharges take place until proper provision has been made for its disposal and in the interest of sustainable drainage
- 14 No development shall take place (including demolition, ground works and vegetation clearance) until a Biodiversity Mitigation Scheme has been submitted to and approved in writing by the local planning authority. This will set out any precautionary measures to be adopted on site during construction, such as protection of retained features and reasonable avoidance measures for protected and priority species such as nesting birds, roosting bats and hedgehog. Details of incorporation of features such as integral bat, insect and bird boxes on proposed buildings and hedgehog access points within proposed fencing shall also be included.
Reason: In the interest of Biodiversity and in accordance with Local Plan Policy BIO1.
- 15 Sight lines, having the dimensions 2.4m x 43m, shall be safeguarded at the access junctions with Market Street and Duke Street, such that there is no obstruction to visibility at a height exceeding 1m above the nearside channel level of the adjacent highway.
Reason: in the interest of road safety, in accordance with Local Plan Policy T4.

- 16 The parking facility hereby permitted shall not be brought into use until pedestrian visibility splays of 2m x 2m to the back edge of the footway have been provided at the proposed access. Nothing shall be erected, retained, planted and/or allowed to grow at or above a height of 0.6m to the rear of the footway which would obstruct the visibility splays. The visibility splays shall be maintained free of obstruction at all times thereafter for the lifetime of the development.

Reason: To ensure drivers have clear and unrestricted views of approaching pedestrians when pulling out onto the public highway, in the interest of highway safety and in accordance with Local Plan Policy T4 New Development and Transport Safety.

- 17 No works shall commence on site until a scheme for the parking of bicycles complying with LTN 1/20 Cycle Infrastructure Design has been submitted to and approved in writing by the Local Planning Authority. The scheme shall be fully implemented before the development is first occupied (or brought into use) and thereafter retained for this purpose.

Reason: In the interests of encouraging the use of sustainable modes of transport in accordance with Local Plan Policy T3.

- 18 Prior to the commencement of development or other operations being undertaken on site in connection with the development, the following documents prepared in accordance with BS5837 (Trees in Relation to Construction 2005: Recommendations) shall be submitted to and approved in writing by the Local Planning Authority:

Root protection areas (RPA)
Tree constraints plan (TCP)
Tree protection plan (TPP)
Arboricultural implication assessment (AIA)
Arboricultural method statement (AMS)

No development or other operations shall take place except in complete accordance with the approved methodologies.

Reason: To ensure the continued well being of the trees in the interests of the amenity of the locality.

Informative(s)

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended), the Local Planning Authority have, where possible, made a pre-application advice service available, and otherwise actively engaged with the applicant in dealing with the application in a positive and proactive manner.

- 1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore, the consent of all relevant landowners is required before proceeding with any development, including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent, then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

- 2 The granting of planning permission does not affect the status of species such as owls and bats, which have protection under other legislation. These may be present and it is the applicant's responsibility to seek advice on how to avoid damaging operations. Further advice can be obtained directly from www.naturalengland.org.uk
- 3 There is a Public Footpath (Hoyland 11) that runs to the North of the development site along Tithe Laithe, this does not appear to be directly affected by the proposed development, therefore we don't have any objection to the proposals. Safe public access on the right of way should remain available at all times, with no obstruction of or encroachment onto the width of the path and no building debris, storage of materials or parked vehicles limiting access at any time. Appropriate measures should be taken to protect the public, including fencing if necessary. If safe public access is not possible at any time then a temporary closure must be arranged, providing at least 4 weeks' notice and details of how public access will be managed. For further information contact publicrightsofway@barnsley.gov.uk
- 4 Access arrangements including shared private drives should conform to Approved Document B Volume 1 Part B5 Sect. 13. They should be constructed to withstand a minimum carrying capacity of 26 Tonnes without deflection.
- 5 The development hereby approved includes the creation of/carrying out of alterations to vehicular access(es). You are advised that before undertaking work on the adopted highway you will require a Section 184 licence from the Highway Authority. The works shall be to the specification and constructed to the satisfaction of the Highway Authority. Fees are payable for the approval of the highway details, and inspection of the works. Further information and an application form are available on the BMBC website at <https://www.barnsley.gov.uk/services/roads-travel-and-parking/parking/dropped-kerbs/> or please contact at email Streetworks@barnsley.gov.uk or call to 01226 773555.
- 6 The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: Mining Remediation Authority - GOV.UK

Please be aware that the Council monitors construction sites and open land within the vicinity of such sites in an attempt to prevent fly tipping (i.e. unauthorised deposit of waste on land), which is illegal under the Environmental Protection Act 1990. The penalties for fly-tipping can include:

- a fine of up to £50,000 and
- up to six months imprisonment on conviction.

Therefore, if necessary, please ensure that all demolition waste and waste associated with the construction of any development is disposed of via approved methods and that documents are retained to prove this.

Signed:

Dated: 17 December 2024

A handwritten signature in black ink, consisting of a stylized 'G' and 'H' followed by a horizontal line.

Garry Hildersley

Head of Planning, Policy & Building Control
Growth & Sustainability Directorate

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.

STATUTORY BIODIVERSITY NET GAIN CONDITION

DEEMED CONDITION

(As required Schedule 7a of the Town and Country Planning Act 1990 (as amended) and inserted by the Environment Act 2021)

Development may not be begun unless:

1. A Biodiversity Gain Plan has been submitted to the planning authority; and
2. The Local Planning Authority has approved the plan.

The Biodiversity Gain Plan must include:

- a) information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- b) the pre-development biodiversity value of the onsite habitat;
- c) the post-development biodiversity value of the onsite habitat;
- d) any registered offsite biodiversity gain allocated to the development and the biodiversity and the biodiversity value of that gain in relation to the development;
- e) any biodiversity credits purchased for the development; and
- f) any such other matters as the Secretary of State may by regulations specify.

In addition, under Articles 37C(2) and 37C(4) of The Town and Country Planning (Development Management Procedure) (England) Order 2015, the following specified matters are required, where development is not to proceed in phases:

- g) name and address of the person completing the Plan, and (if different) the person submitting the Plan;
- h) a description of the development and planning permission reference number (to which the plan relates);
- i) the [relevant date](#), for the purposes of calculating the pre-development biodiversity value of onsite habitats and if proposing an earlier date, the reasons for using this earlier date;
- j) [the completed biodiversity metric calculation tool\(s\)](#), stating the publication date of the tool(s), and showing the calculation of the pre-development onsite value on the [relevant date](#), and post-development biodiversity value;
- k) a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed);
- l) (except for onsite irreplaceable habitats) a description of how the biodiversity gain hierarchy will be followed and where to the extent any actions (in order of priority) in that hierarchy are not followed and the reason for that;
- m) pre-development and post-development plans showing the location of onsite habitat (including any irreplaceable habitat) on the [relevant date](#), and drawn to an identified scale and showing the direction of North;
- n) a description of any [irreplaceable habitat](#) on the land to which the plan relates which exist on the [relevant date](#), and any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat; and
- o) if [habitat degradation](#) has taken place:
 - i. a statement to this effect,
 - ii. the date immediately before the degradation activity,
 - iii. the completed biodiversity tool showing the calculation of the biodiversity value of the onsite habitat on that date, and
 - iv. any available supporting evidence for the value.

INFORMATIVE 1

When calculating the post-development biodiversity value of a habitat, the Local Planning Authority can only take into account an increase in biodiversity value post-development where it is satisfied that the habitat creation or enhancements delivering the increase will be maintained for at least 30 years after the development is completed. This must be secured either by a planning condition, planning obligation, or conservation covenant

INFORMATIVE 2

The General Biodiversity Gain Condition has a separate legal basis in contrast to other planning conditions and will apply to all planning permissions, unless exempt. The General Biodiversity Gain Condition will therefore not appear on the decision notice along with the list of planning conditions imposed on the application, rather it will be referenced separately.

The General Biodiversity Gain Condition cannot be varied or removed by an application under section 73 of the Town and Country Planning Act. It also cannot be discharged as part of the grant of planning permission.

INFORMATIVE 3

A Biodiversity Net Gain Template can be found here:

<https://www.gov.uk/government/publications/biodiversity-gain-plan>

INFORMATIVE 4

The statutory deemed condition above is relevant to all major applications submitted since 12th February 2024 and to all non-major applications submitted after 2nd April 2024, unless exempt. The onus is on the applicant/agent to notify the Local Planning Authority at developmentmanagement@barnsley.gov.uk if the application was exempt and provide the reasons for the exemption. Exemptions can be found at this link

<https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments>
