Conditions

Development is permitted by Class A subject to the following conditions-

(a) the materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse

(b) any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be—

(i) obscure-glazed, and

(ii) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed; and

(c) where the enlarged part of the dwellinghouse has more than a single storey, or forms an upper storey on an existing enlargement of the original dwellinghouse, the roof pitch of the enlarged part must, so far as practicable, be the same as the roof pitch of the original dwellinghouse.

Assessment

The proposed extension falls within the parameters of the larger home extension, as outlined above, however where any owner or occupier of any adjoining premises objects to the proposed development, the prior approval of the local planning authority is required as to the impact of the proposed development on the amenity of any adjoining premises.

No objections have been received in relation to overlooking, overshadowing or loss of outlook or the scale, design of the proposed extension and as such the application is approved.

Planning Balance and Conclusion

For the reasons given above, and taking all other matters into consideration, the proposal falls within the parameters and conditions of the larger home extension as set out in the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) and permission should be granted subject to necessary conditions.
