Description

Please describe details of the proposed development or works including any change of use

I require a change of use class from f1 to class sui generis to convert the current church building into a tea room/function hall. The tea room will be open for seasonal tea events, that will need to be pre booked such as easter & christmas themed afternoon tea, weekly playgroup and themed private parties. The hall will also be rented out to groups such as slimming world/children's clubs etc I have already had numerous local businesses reach out regarding running baby yoga, toddler groups and childrens sports. We are hoping to turn an old disused church into something for the community.
The only internal changes that will be undertaken will be to convert 3 rooms into 1 Male, 1 female and 1 disabled toilet.
No exterior work is required other than a sign that will be placed on the front of the building and the current paving replacing with tarmac to make it more accessible for cars to park on the church grounds.

We understand that the road the church is situated on can be busy and congested at times but the change of use should not effect the traffic or parking anymore than the current use. We are also looking to tarmac the church grounds which will fit approximately 10 cars.

Has the work or change of use already started?
