<b>Application No</b>	2026/0222
<b>Proposal</b>	Erection of single storey extension to the front of existing shop to be used as additional retail floor space.

### Consultation Assessment and Justification

Thank you for consulting Highways Development Control on this application for the erection of a single story extension.

I note that there is a history of applications relating to this site where previous permission has been granted for a similar front extension.

This application seeks permission for a slightly extended floor space and as such, there would be no objections from a highways perspective. The local area benefits from sheltered parking on street and there will be no loss of parking as a result of the extension.

Many thanks,

Sarah Sharp
