Re: 2 & 2a Park Street, Wombwell, Barnsley, S73 0DJ

Dear Sir,

Please find enclosed change of use planning application forms duly completed in respect of the above property and a cheque for £335.00 to cover the stated fee.

I have made every effort to complete the form fully however should you require any further information please contact me using any of the methods shown below. I would also draw your attention to the separate description sheet attached to the forms.

I realize that these applications must run their course but it would be very much appreciated if you could facilitate this application at your earliest convenience, as the nature of the business would benefit greatly from being able to open the premises on or around the start of a new school term.

Thank you in anticipation of your assistance, I remain,

[redacted]

Alvin P Marper
