

Sign Type AT1 & AT2 - Construction details
ATM Vinyl Surround Graphics

Please refer to individual site drawings for site specific sizes.

Ref AT1: Red Vinyl (3m: 70-44) block to run to the edge of the machine NOT just the infill glazing panel above the machine. Vinyl to be trimmed in line with the silicone glass joint.

Ref AT2: White vinyl logo (applied internally) - 3M: 70-10 opaque vinyl

White vinyl logo and red block out vinyl applied internally to the glazing panel above the ATM (cash machine).

Only applies to sites with ATMs fitted within a glazed area.

Size site specific.

Please Note:

The colours of the background vinyl and logo may be reversed in some instances (i.e. white background with red logo).

Please refer to site specific drawings for colour detail.
