Details in relation to The Planning Inspectorate Appeal Decision dated 2 February 2016, Appeal Ref: APP/R4408/W/15/3134783

SCHEDULE OF CONDITIONS ITEM 16. HUTHWAITE LANE

Please see attached drawing reference: Highway Works Proposed Re-Surfacing 3578 600 REV 0 with proposals for re-surfacing works to Huthwaite Lane (Privately maintained public highway).

In accordance with our submission for Condition 8a it would be our preference to carry out re-surfacing works up to and including Binder course following mobilisation to site with final surface course being laid prior to completion of the final plot (plot 4). This is to ensure that the surface course is not damaged by any construction activities as could be the case if laid earlier.
