10. Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

Bolingbroke house was built soon after World War II and was originally utilised as a residence for the owner of nearby brickworks. The exiting property being predominately a conversion with extensions was arguably adequate at the time it was converted for its purpose as a care home, but with the improvements in standards and expectations for living standards in the 21st century, has now effectively passed its usefulness. It now requires redevelopment in order to ensure its commerical survival. Further, the conservation officer agreed that the existing Bolingbroke House contributes little to the character of the Brierley Village Conservation Area.
