Please state why a Lawful Development Certificate should be granted

This application seeks a Certificate of Lawfulness for an existing use undertaken in 2007, whereby a change of use from C3(a) to C2 has occurred but the question of which is whether the change of use is material.

It has been established that the current use is C2 (Residential Institutions), the question then becomes whether a material change of use has occurred between that and the original C3(a) use. Due to the number of occupants not exceeding that which would be expected of a single household, the properties use is akin to that of a C3(a) use.

The current C2 use has existed for in excess of 16 years and there has been no impact on the character of the area or residential amenity concerns in this time. The Applicants simply seek to regularise the situation to avoid any ambiguity henceforth.

We are of the view that the change of use is not material and has therefore been lawful since its inception in 2007 without the need for planning permission but as stated above we would like to regularise the use and remove any doubt or ambiguity.

Due to the reasons outlined herein, it is considered that this change of use is not material and therefore does not involve development within the meaning of Section 55(1) of the Town and Country Planning Act 1990. Accordingly, a Lawful Development Certificate should be awarded.

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

- ☐ Yes
☒ No
