Details of the pre-application advice received
The Pre-application enquiry was for mixed use of commercial & residential. Comments received; I consider that in this setting the scale of commercial development proposed would be likely to cause harm and disturbance to the residential amenity of the neighbouring properties because of the very close proximity of the units and their parking to the adjacent dwellings. I am of the opinion that the principle of the commercial units is not acceptable. As the total internal floorspace of the six units is 498m2, a retail impact assessment would not be required as the threshold set out in local plan policy TC3 in this location is 2,500 square metres gross. The proposal includes 6 no residential units and I consider that this is acceptable in principle subject to assessment of the relevant policies of the Local Plan.

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ○ No
