The fee covers meeting your representative on site to agree the extent and detail required for the survey, the collation of the information received, review of the post works survey and the ordering and checking of any remedial works that may be required. The fee must be paid before the site meeting and the survey is carried out.

The photographs are taken by your representative and submitted in electronic format to the Council. The location at which each photograph is taken should be identified on a plan.

Dave,

I sent the below email to yourself back at the end of June. You were going to send me a quote to attend site to carry out the survey but I haven't received anything back. We are due to start on site soon so a swift response would be appreciated.

Dave,

As discussed on the phone please find attached the decision notice for the project on Washington Road. Condition 9 is the one we are looking to discharge. If you can send the letter regarding the fees that would be great.
