6 March 2020

Dear Occupier,

I am writing to seek your permission to access a pond off Everill Gate Lane which, I believe, is on land under your ownership.

The reason for requesting the access is that our company, Estrada Ecology Ltd, has been commissioned to undertake ecological surveys of land off Everill Gate Lane. This will involve, subject to permission being granted, taking some water samples (by hand) from the pond and to send the samples to a laboratory to test for the presence of amphibians.

There are only certain months of the year that water samples can be tested for amphibian species, May and June being the key months, so time is important to in this case. If you are agreeable to your land being accessed for the reasons detailed above, then I would be very grateful if you could let me know at your earliest convenience by email or telephone (details at the top of this letter).

I really do appreciate your time and consideration in this matter and should be very happy to discuss any concerns or questions that you may have.

I look forward to hearing from you soon.

Yours sincerely,

Rebecca Cope
PA to the Director
