TO WHOM IT MAY CONCERN

Re: Mr and Mrs B.Eldred, Strafford House, Gilroyd Lane, Barnsley, S75 3EG

Dear Sir/Madam,

In the late 1970s, the 80s and early 90s, I enjoyed many years of growing vegetables on a plot of land in Mr and Mrs Eldred's garden after they had kindly given me permission to use it to provide food for my growing family.

Reluctantly, I had to give it up because of work demands but those years still remain a very special part of our lives for myself and my two daughters who are now adults and living away from Barnsley,

My family were discussing only the other day the many social activities that took place in the garden over the years, many of them fund-raising events Mr and Mrs Eldred organised for a wide range of charities.

The money they collected has helped to pay for vital remedial work in Africa's poorest communities and also funded a voluntary group called the Barnsley Builders who have worked in different parts of the world to construct homes for the homeless and also carry out other important charitable work.

Yours sincerely

Peter Goodman
