

This architectural elevation drawing shows the side profile of the building. The facade is composed of numerous vertical panels, some of which are dark grey, suggesting a different material or finish. A central entrance area is visible, featuring a small, dark, rectangular structure. The drawing is a technical representation, likely used for construction or design purposes.

This architectural drawing shows a side elevation of a building. The structure features a gabled roof with a central ridge. On the right side, there is a section with a sloped roof and a vertical wall section. The drawing includes structural details such as rafters, roof decking, and wall framing. A vertical dimension line on the right side indicates a height of 1000 units. The drawing is a technical line drawing with no shading or color.
