Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

Existing side extension is single skin store and utility room with timber frame doors and windows. The proposal seeks to improve the single skin construction for a improved and more efficient thermal envelope. No proposed change to the width of the extension in order avoid altering the principle elevation (front) and rear elevation. The same materials are proposed to either be reused where possible or matched if new.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed extension should fall under permitted development rights. The applicant would like to obtain Lawful Certificate Development in order to meet regulatory items and maintain the extension is lawful within the view of the local authority.

 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?
