BARNSLEY
Metropolitan Borough Council

GRANT OF PLANNING PERMISSION

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO. 2011/0938

To Brewster Bye Architects
5 North Hill Road
Headingley
Leeds
South Yorkshire
LS6 2EN

DESCRIPTION Residential development - Erection 30 no. dwellings.
LOCATION Land at Priory Road, Lundwood, Barnsley

Permission is granted for the proposals which were the subject of the Application and Plans registered by the Council on 16 August 2011 and described above.

The approval is subject on compliance with the following conditions:

1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.
Reason: In order to comply with the provision of Section 91 of the Town and Country Planning Act 1990.

2 The development hereby approved shall be carried out in strict accordance with the amended plans and specifications received on 10th October 2011 (Site Plan: Dwg No: 015/83(02)003 A. Plot Drawings: DWG No: 015/83(02)101 A, 015/83(02)107 A, 015/82(02)106 A, 015/83(02)110 #, 015/83(02)111#, 015/83(02)116#, 015/83(02)115#,015/83(02)114#, 015/83(02)103A, 015/83(02)102A, 015/83(02)113#, 015/83(02)112#, 015/83(02)109A, 015/83(02)108A, 015/83(02)105A, 015/83(02)104A015/83(02)100A), and details submitted within letter dated 25th October 2011 ref: MH/mha/15/83/la.01 unless prior written consent has been given by the Local Planning Authority to any minor variation.
Reason: For the avoidance of doubt as amendments have been submitted during the course of processing the application and in accordance with Core Strategy Policy CSP 29, Design.

Stephen Moralee

The grant of this consent does not constitute or imply permission, approval or consent by the Local Authority for any other purpose.

Signed
Assistant Director, Planning and Regulatory Services

Dated 09 November 2011

Planning and Regulatory Services **Telephone: 01226 - 772000**

3 No development shall take place until full details of the proposed external materials have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
Reason: In the interests of the visual amenities of the locality and in accordance with Core Strategy Policy CSP 29, Design.

4 No development works shall begin until a report, endorsed by a competent engineer experienced in ground contamination and remediation, has been submitted and agreed with the Local Planning Authority. The report shall, amongst other matters, include the following:-
1. A survey of the extent, scale and nature of contamination.
2. An assessment of the potential risks to human health, property, adjoining land, groundwaters and surface waters, ecological systems and archaeological sites and ancient monuments.
3. An appraisal of remedial options, and proposal of the preferred option(s).
4. A remediation statement summarising the works to be undertaken (if required).

The above must be conducted in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11'.

The approved remediation scheme must be carried out in accordance with its terms prior to the commencement of development. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works. Prior to occupation of the dwellings/commencement of the use, a validation report that demonstrates the effectiveness of the remediation carried out must be submitted to and approved in writing of the Local Planning Authority.
Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors.

5 Construction or remediation work comprising the use of plant, machinery or equipment, or deliveries of materials shall only take place between the hours of 0800 to 1800 Monday to Friday and 0900 to 1400 on Saturdays and at no time on Sundays or Bank Holidays.
Reason: In the interests of the amenities of local residents

6 No development shall take place until:

(a) Full foul and surface water drainage details, including a scheme which reduces surface water run-off by at least 30% and a programme of works for implementation, have been submitted to and approved in writing by the Local Planning Authority:

(b) Porosity tests are carried out in accordance with BRE 365, to demonstrate that the subsoil is suitable for soakaways;

(c) Calculations based on the results of these porosity tests to prove that adequate land area is available for the construction of the soakaways;

Thereafter no part of the development shall be occupied or brought into use until the approved scheme has been fully implemented. The scheme shall be retained throughout the life of the development, unless otherwise agreed in writing with the Local Planning Authority.
Reason: To ensure proper drainage of the area

7 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the positions, design, materials and type of boundary treatment to be erected. The boundary treatment shall be completed before the properties are occupied. Development shall be carried out in accordance with the approved details and shall thereafter be retained.
Reason: In the interests of the visual amenities of the locality and the amenities of occupiers of adjoining property and in accordance with Core Strategy Policy CSP 29, Design.

8 Pedestrian intervisibility splays, having the dimensions 2m x 2m, shall be safeguarded at the drive entrance/exit such that there is no obstruction to visibility at a height exceeding 1m above the nearside channel level of the adjacent highway.
Reason: In the interest of road safety

9 The parking/manoeuvring facilities indicated on the approved plan shall be hard surfaced in a solid bound material and provided prior to the development being brought into use, and shall be retained for that sole purpose at all times.
Reason: In the interests of road safety.

10 Prior to the commencement of development, details shall be submitted to and approved in writing by the Local Planning Authority of arrangements which secure the following highway improvement works:

a) resurfacing/reconstruction of Priory Road;
b) provision of street lighting;
c) any necessary signing/lining;
d) provision of/any necessary alterations to highway drainage

The works shall be completed in accordance with the approved details and a timetable to be submitted to and approved in writing by the Local Planning Authority.
Reason: In the interests of highway safety and the free flow of traffic in accordance with Core Strategy policy CSP 26.

11 Prior to any works commencing on-site, a condition survey (including structural integrity) of the highways to be used by construction traffic shall be carried out in association with the Local Planning Authority. The methodology of the survey shall be approved in writing by the Local Planning Authority and shall assess the existing state of the highway. On completion of the development a second condition survey shall be carried out and shall be submitted for the written approval of the Local Planning Authority, which shall identify defects attributable to the traffic ensuing from the development. Any necessary remedial works shall be completed at the developer's expense in accordance with a scheme to be agreed in writing by the Local Planning Authority.
Reason: In the interests of highway safety

12 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. The statement shall provide for:-
- The parking of vehicles of site operatives and visitors;
- Means of access for construction traffic;
- Loading and unloading of plant and materials;
- Storage of plant and materials used in constructing the development;
- Measures to prevent mud/debris being deposited on the public highway.
Reason: In the interests of highway safety.

13 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority, full details of soft landscaping works, including details of the species, positions and planted heights of proposed trees and shrubs; together with details of the position and condition of any existing trees and hedgerows to be retained. The approved hard landscaping details shall be implemented prior to the occupation of the building(s).
Reason: In the interests of the visual amenities of the locality.

14 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which die within a period of 5 years from the completion of the development, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with other of similar size and species, unless the Local Planning Authority give written consent to any variation.
Reason: In the interests of the visual amenities of the locality.

Reason(s) for Granting Permission

1 Unique The proposal represents a significant investment in the affordable housing stock and general environment at Lundwood. The development meets sustainable credentials by delivering 30 affordable units built to code level 3, the investment would also result in the redevelopment of a longstanding vacant site which would be of benefit to the locality as whole.

Informative(s)

1 The granting of planning permission does not in any way infer that consent of the landowner is given. Therefore the consent of all relevant landowners is required before proceeding with any development including that of the Council as landowner.

If it should transpire that the applicant does not own any of the land included in this consent then it is the responsibility of the applicant to seek all necessary consents and approvals of the landowner.

2 The decision to grant planning permission has been taken having regard to the policies and proposals in the adopted Core Strategy and saved policies of the Barnsley Unitary Development Plan set out below and to all relevant material considerations, including Supplementary Planning Guidance:

Core Strategy Polices
CSP2 'Sustainable Construction'
CSP4 'Flood Risk'
CSP5 'Including renewable Energy in Developments'
CSP8 'The Location of Growth'
CSP10 'The Distribution of New Homes'
CSP14 'Housing Mix and Efficient Use of Land'
CSP15 'Affordable Housing'
CSP17 'Housing Regeneration Areas'
CSP26 'New Development and Highway Improvement'
Policy CSP29 'Design'
CSP40 'Pollution Control and Protection'

Saved UDP Polices
H4 'Development on Housing Sites'
H8A 'Existing Residential Areas'

This informative is only intended as a summary of the reason for granting planning permission. For further details on the decision please refer to the application file, by contacting 01226 772593.

3 The proposed development lies within an area which could be subject to current coal mining or hazards resulting from past coal mining. Such hazards may currently exist, be caused as a result of the proposed development, or occur at some time in the future. These hazards included:

- Collapse of shallow coal mine workings;
- Collapse of, or risk of entry into, mine entries (shafts and adits);
- Gas emissions from coal mines including methane and carbon dioxide;
- Spontaneous combustion or ignition of coal which may lead to underground heatings and production of carbon monoxide;
- Transmission of gases into adjacent properties from underground sources through ground fractures;
- Coal mining subsidence
- Water emissions from coal mine workings.

Applicants must take account of these hazards which could affect stability, health & safety, or cause adverse environmental impacts during the carrying out their proposals and must seek specialist advice where required. Additional hazards or stability issues may arise from development on or adjacent to restored opencast sites or quarries and former colliery spoil tips.

Failure to obtain Coal Authority permission for such activities is trespass, with the potential for court action. In the interests of public safety the Coal Authority is concerned that risks specific to the nature of coal and coal mine workings are identified and mitigated.

The above advice applies to the site of your proposal and the surrounding vicinity. You must obtain property specific summary information on any past, current and proposed surface and underground coal mining activity and other ground stability information in order to make an assessment of the risks. This can be obtained from The Coal Authority's Property Search Service on 0845 762 6848 or at www.groundstability.com

NOTES:-

Appeals to the Secretary of State

If you are aggrieved by the decision of the Council to grant permission for the proposed development subject to conditions then you can appeal to the Secretary of State for the Environment, Transport and Regions under Section 78 of the Town and Country Planning Act. If you want to appeal, then you must do so within six months of the date of this notice, using a form which you can get from The Planning Inspectorate, Room 3/24 Hawk Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of the development order and to any directions giving under the order. In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment, Transport and Regions refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of part VI of the Town and Country Planning Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference to the application to him. These circumstances are set out in Sections 114 and related provisions of the Town and Country Planning Act 1990.
