

The proposed development is for a 3 bedroom dwelling at Westfield house farm ,penistone s369fb

The proposal is the conversion of existing stable block into small 3 bedroom dwelling with kitchen and living

The whole conversion will be sympathetic to the surroundings with stone selected to match existing and the concrete tiles on the roof replaced with blue slate style roofing

The windows will be upvc wood effect sash windows to match building opposite

The entire conversion will be done in a way as to be complimentary to the existing courtyard and can only complement and improve the locality
