'….the Darton application would be from E to Sui Generis. I have attached the guide to the planning use changes for your benefit. Drinking Establishments have changed from A4 to Sui Generis as of 1 September 2020.
The presence of the bar within the new part of the building does not matter as the space will be used for a drinking establishment use.
Also, you may be interested to know that drinking establishments benefit from permitted development rights (where development/uses do not require submission of a planning application) for expanded food provision. This means that existing drinking establishments can serve food without requiring planning permission. However, the erection of external plant such A/C and other external cooling or venting systems will still require planning
