Dorothy Hyman Sports Centre
Artificial Grass Pitch (AGP)
Floodlight Management Plan

Management Plan

1. Limit the use of the artificial (flood) lighting system after dusk and up to the approved curfew hours which are:

Monday to Friday	2200 hours
Saturday	2000 hours
Sunday	2000 hours

2. Ensure that time clocks are set to extinguish floodlights at the curfew hour every night of use.

3. Ensure that time clocks are set to operate within a pre-programmed time including a seasonal changeover facility for BST and GMT.

4. During the operational life cycle of the floodlights, undertake periodic lighting checks and assessments to ensure the installation continues to satisfy the requirements set out in the lighting design including:

   Lighting Levels to each individual area
   Overspill levels

5. During the operational life cycle of the floodlights, undertake periodic electrical inspections and maintenance work to ensure the installation to ensure the safe and correcting functioning of mechanical and electrical components (including time clocks).
